### **THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.**

---

We respect our legal obligation to keep your personal health information private. We are obligated by law to give you this document, a description of our privacy practices. This Notice describes how we protect your health information and what rights you have regarding it.

#### **TREATMENT, PAYMENT, AND HEALTH CARE OPERATIONS**

The most common reason we use or disclose your health information is for treatment, payment or health care operations. Examples of how we use or disclose information for treatment purposes are: setting up an appointment for you; examining your eyes; prescribing glasses, contact lenses, or eye medications and faxing them to be filled; referring you to another doctor or clinic for eye care; filling prescriptions, duplicating eyewear or getting copies of your health information from a doctor you have seen before us. Examples of how we use or disclose your health information for payment purposes are: asking you about your health or vision care plans, or other sources of payment; preparing and sending bills or claims; and collecting unpaid amounts (either ourselves or through a collection agency or attorney). "Health care operations" mean those administrative and managerial functions that we have to do in order to run our office. Examples of how we use or disclose your health information for health care operations are: participation in managed care plans; and defense of legal matters.

We routinely use your health information inside our office for these purposes without any special permission. We share your information with other health care providers, insurers, and administrative entities when necessary to provide appropriate treatment, secure payment, or carry out administrative functions.

#### **USES AND DISCLOSURES FOR OTHER REASONS WITHOUT PERMISSION**

The law allows or requires us to use or disclose your health information without your permission. Not all of these situations will apply to us; some may never come up at our office at all. Such uses or disclosures are:

- When a state or federal law mandates that certain health information be reported for a specific purpose;
- For public health purposes, such as contagious disease reporting, investigation or surveillance; and notices to and from the federal Food and Drug Administration regarding drugs or medical devices;
- To governmental authorities about victims of suspected abuse, neglect or domestic violence;
- For health oversight activities, such as for the licensing of doctors; for audits by Medicare or Medicaid; or for investigation of possible violations of health care laws;

- For judicial and administrative proceedings, such as in response to subpoenas or orders of courts or administrative agencies;
- For law enforcement purposes, such as to provide information about someone who is or is suspected to be a victim of a crime; to provide information about a crime at our office; or to report a crime that happened somewhere else;
- To a medical examiner to identify a dead person or to determine the cause of death; or to funeral directors to aid in burial; or to organizations that handle organ or tissue donations;
- To prevent a serious threat to health or safety;
- For specialized government functions, such as for the protection of the president or high ranking government officials; for lawful national intelligence activities; for military purposes; or for the evaluation and health of members of the foreign service;
- For purposes of worker's compensation programs;
- Incidental disclosures that are an unavoidable by-product of permitted uses or disclosures;
- Disclosures to "business associates" who perform health care operations for us and who commit to respect the privacy of your health information (for example, placing a contact lens order for you).

Unless you object, we may also share relevant information about your care with family or friends who are helping you with your eye care.

#### **APPOINTMENT REMINDERS AND NOTIFICATION**

We may call or write to remind you of scheduled appointments, that it is time to make a routine appointment or that your eyewear is ready. We may also call or write to notify you of other treatments or services available at our office that might help you. Unless you tell us otherwise, we may mail you an appointment reminder or notification about the status of your eyewear on a post card, and/or leave you a reminder or notify you about the status of your eyewear on your home answering machine or with someone who answers your phone if you are not home.

#### **OTHER USES AND DISCLOSURES**

We will not make any other uses or disclosures of your health information unless you sign a written "authorization form." The content of an "authorization form" is determined by federal law. Sometimes, we may initiate the authorization process if the use or disclosure is our idea. Sometimes, you may initiate the process if it's your idea for us to send your information to someone else. Typically, in this situation, you will give us a properly completed authorization form, or you can use one of ours.

If we initiate the process and ask you to sign an authorization form, you do not have to sign it. If you do not sign the authorization, we cannot make the use or disclosure. If you do sign one, you may revoke it at any time unless we have already acted in reliance upon it. Revocations must be in writing. Send them to the office contact person named at the beginning of this Notice.

#### **YOUR RIGHTS REGARDING YOUR HEALTH INFORMATION**

The law gives you many rights regarding your health information. You can:

- Ask us to restrict our uses and disclosures for purposes of treatment (except emergency treatment), payment or health care operations. We do not have to agree to do this, but if we agree, we must honor the restrictions that you want. To ask for a restriction, send a written request to the office contact person named at the beginning of this Notice.
- Ask us to communicate with you in a confidential way, such as by phoning you at work rather than at home, by mailing health information to a different address, or by sending E mail to your personal E Mail address. We will accommodate these requests if they are reasonable, and if you pay us for any extra cost. If you want to ask for confidential communications, send a written request to the office contact person named at the beginning of this Notice.

- Ask to see or to get photocopies of your health information. By law, there are a few limited situations in which we can refuse to permit access or copying. For the most part, however, you will be able to review or have a copy of your health information within 10 days. You are also specifically entitled to obtain copies of your eyeglass or contact lens prescription upon request. You may have to pay for photocopies in advance. If we deny your request, we will send you a written explanation, and instructions about how to get an impartial review of our denial if one is legally available. If you want to review or get photocopies of your health information, send a written request to the office contact person named at the beginning of this Notice.
- Ask us to amend your health information if you think that it is incorrect or incomplete. If we agree, we will amend the information within 60 days from when you ask us. We will send the corrected information to persons who we know got the wrong information, and others that you specify. If we do not agree, you can write a statement of your position, and we will include it with your health information along with any rebuttal statement that we may write. Once your statement of position and/or our rebuttal is included in your health information, we will send it along whenever we make a permitted disclosure of your health information. By law, we can have one 30-day extension of time to consider a request for amendment if we notify you in writing of the extension. If you want to ask us to amend your health information, send a written request, including your reasons for the amendment, to the office contact person named at the beginning of this Notice.
- Get a list of the disclosures that we have made of your health information within the past six years (or a shorter period if you want). By law, the list will not include: disclosures for purposes of treatment, payment or health care operations; disclosures with your authorization; incidental disclosures; disclosures required by law; and some other limited disclosures. You are entitled to one such list per year without charge. If you want more frequent lists, you will have to pay for them in advance. We will usually respond to your request within 60 days of receiving it, but by law, we can have one 30-day extension of time if we notify you of the extension in writing. If you want a list, send a written request to the office contact person named at the beginning of this Notice.
- Get additional paper copies of this Notice of Privacy Practices upon request. If you want additional paper copies, send a written request to the office contact person named at the beginning of this Notice.

### **OUR NOTICE OF PRIVACY PRACTICES**

By law, we must abide by the terms of this Notice of Privacy Practices until we choose to change it. We reserve the right to change this notice at any time as allowed by law. If we change this Notice, the new privacy practices will apply to your health information that we already have as well as to such information that we may generate in the future. If we change our Notice of Privacy Practices, we will post the new notice in our office and have copies available in our office.

### **COMPLAINTS**

If you think that we have not properly respected the privacy of your health information, you are free to complain to us or the U.S. Department of Health and Human Services. We will not retaliate against you if you make a complaint. If you want to complain to us, send a written complaint to the office contact person named at the beginning of this Notice.

### **FOR MORE INFORMATION**

If you want more information about our privacy practices, call, email, or visit the office contact person at the address or phone number shown at the beginning of this notice.
